Your NHS, your way

SHN

# Introducing the NHS App

You can use the NHS App **wherever you are, at any time of the day or night**. You can use it to access a range of NHS services.

The NHS App will not replace existing services. You can still contact your GP surgery in the usual ways if you prefer. For example, by visiting or telephoning your practice.

## Use the app to:

### **book and cancel appointments**

book, view and cancel appointments at your GP surgery

### **view your record**

access your GP medical record securely

### **order repeat prescriptions**

see your available medicines and place an order

### **check your symptoms**

find trusted NHS information on hundreds of conditions and treatments and get instant advice

### **register your organ donation decision**

choose to donate some or all of your organs and check your registered decision

### **find out how the NHS uses your data**

choose if data from your health records can be shared for research and planning

## **The NHS App gives you more control over your health and care.**

The NHS App puts information about your health and treatments at your fingertips. This means you can see it when speaking to a health and care professional, for example.

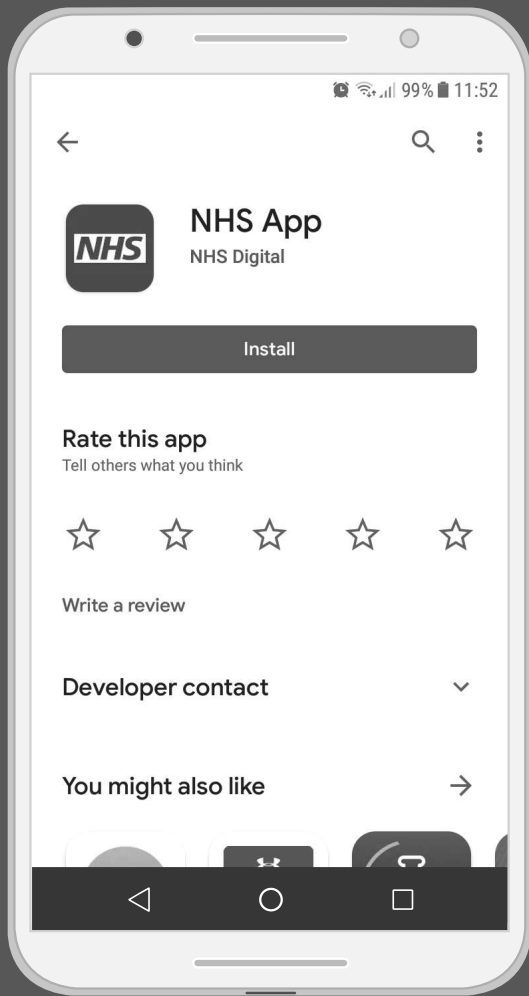

## **Owned and run by the NHS**

The app is designed and operated by the NHS in England to give you access to a range of services.

We will carefully check your identity when you register for the app, which is secure and easy to use.
